## PROFESSIONAL EXPERIENCE

### >> Front-end Developer @ Amadeus (Valbonne, FR)

Jan 2023 - Jan 2024

/> Collaborated within cross-functional teams using SAFe (Agile) to write code and unit tests for Amadeus's proprietary travel booking web app, earning appreciation for my strong team spirit.

/> Successfully implemented structured server-side responses parsing to enhance accessibility and navigability for most screen readers.

/> Tools Used: **Angular**, Typescript, **Java**, Jasmine, Git, Jira

## EDUCATION HISTORY

### >> MS in Computer Engineering @ Politecnico di Torino

/> Focus on Data Analytics topics such as ML and AI

/> Thesis on Optimization of Endorsing Algorithm for Hyperledger Fabric (Private Blockchain)

## PROJECTS

### >> Brasseria Augusta Taurinorum - Immersive Landing Page

<https://www.brasseria-augusta-taurinorum.it/>

/> **React**, **Three.js**, TypeScript, HTML, CSS, Framer-Motion, Figma

### >> Work Schedule - Web App for Work Time Management

<https://tabellalavoro.netlify.app/login>

/> **React**, **Node.js**, TypeScript, MongoDB, JWT

...and more on my portfolio
